SUMMARY

A recent graduate, expertise in web development and application security skills set. Being proficient in programming languages and web technologies along with hands on project experience, I can create flexible and user friendly websites. My background in Cyber Security and familiarity with testing tools further enhance my ability to solve modern security challenges.

EDUCATION

PIMPRI CHINCHWAD COLLEGE OF ENGINEERING, PUNE

B.TECH IN MECHANICAL ENGINEERING

July 2025 | Pune

Aggregate CGPA: 7.79

SKILLS

PROGRAMMING

• C++ • JavaScript • Typescript • Java

WEB TECHNOLOGIES

• React.JS • Node.js • Express.js
• MongoDB • SQL • (REST) APIs • Next.js
• Figma • Postman

CYBER SECURITY

• Web App Security • Network Security
• BurpSuite • Vulnerability Assessment
• Metasploit Framework • OWASP Top Vulnerabilities

SOFT SKILLS

• Good Communicator • Teamwork
• Creativity • Problem Solver

OTHERS

• GitHub • Linux • Jenkins • Data Structures Algorithms • OOP
• Computer Networks

ACHIEVEMENTS

- Lead team of 6 and ranked top 50 in global CTF competitions, showcasing cybersecurity skills.
- Won 3 Development Hackathons, showcasing strong problem-solving and innovation skills.

EXPERIENCE

SECURITY RESEARCHER | HACKERONE | FREELANCE

OCT 2023 - Present | Remote

- Discovered more than 15 vulnerabilities in top companies like ABB.com, Readme.io, American Systems and more improving their Security defenses.
- Tested company's infrastructure with more than 15 different vulnerabilities.
- Conducted over 20 penetration tests using Burp Suite, Sublist3r, Metasploit, Nmap and more identifying vulnerabilities across multiple platforms.

FULL STACK DEVELOPER | WAVEAUTH | FREELANCE

Mar 2022 - MAY 2022 | Remote

- Delivered high-quality websites for 2 clients with optimized user experience and great SEO rankings.
- Collaborated with a team of 4 developers to design and implement visually appealing, user-friendly interfaces and adherence to project requirements.
- Migrated a React based website to Next.js, reducing page load times by 40%.

PROJECTS

RECONSWIFT | FULL STACK & SECURITY

[/InTruder-Sec/reconswift-tool](#)

- Automated reconnaissance web application platform that reduced manual effort by 60% for security researchers, utilizing React.js and Next.js for frontend efficiency and MongoDB and Express.js for robust backend data management.

ICONIC HASHING ALGORITHM | CRYPTOGRAPHY

[/InTruder-Sec/iconic-hashing-algorithm](#)

- Developed a highly secure hashing algorithm similar to MD5, utilizing a unique base 10 digit system to enhance unpredictability and achieve high collision resistance.

SCRIBBLE CHAT APP | FULL STACK APP

[/InTruder-Sec/scribble-chat-app](#)

- Real-time chat application featuring innovative scribble pads for communication, achieving a 30% increase in user engagement, implementing Node.js and Socket.io integration.

CERTIFICATIONS

CERTIFIED NETWORK SECURITY PRACTITIONER (CNSP)

Certification focuses on advanced network security, including Windows/Linux security, social engineering techniques, and strategies for protecting complex systems against cyber threats.

POSITIONS OF RESPONSIBILITY

OWASP PCCOE, CHAPTER | SECURITY TEAM LEAD

Organized 20+ security events, led workshops, and headed the university's CTF team, promoting Cyber Security awareness.

YOUTUBE - INTRUDER SECURITY | CONTENT CREATOR

Active YouTube content creator with 2.5K+ subscribers, specializing in ethical hacking, and tech topics, fostering tech community learning and awareness.
