Work Experience

Type	Description
Freelancing	**Front-end Developer:** I've collaborated with various companies to build bespoke websites from the ground up, delivering tailored web solutions to meet their specific needs. ShreeArogyam Ayu: Created a fully customized React-based website, enhancing the online presence of a client's business. Waveauth: Collaborated with WaveAuth to develop a tailored website, integrating their preferred theme for a seamless online experience.

Projects

Spotify Clone: Playify, a feature-rich music streaming application, using React and Spotify API, offering users a seamless and engaging music exploration experience.	https://playifyi.netlify.app
Expense tracker: Designed and implemented an Expense Tracker using React and Appwrite as the backend, providing users with a user-friendly and efficient tool for managing their finances.	https://phoeinix.netlify.app

Certifications

Certification	Certification Authority	Description
PentesterLab Badges	PentesterLab	Earned a collection of PentesterLab badges, including White, Essential, Unix, Serialize, PCAP, Introduction, and Blue badges, showcasing my expertise in a wide range of web security and penetration testing domains.
Intro to bug bounty hunting and web app Hacking	Udemy	Insiders guide to ethical web hacking and bug bounty hunting with Ben Sadeghipour (@NahamSec)

Achievements

Responsible Disclosure of a Medium severity XSS Vulnerability on ABB.com
Discovered and responsibly reported a severe XSS vulnerability with a severity rating of 6.1 on ABB.com through HackerOne, contributing to the security enhancement of a major online platform.

Responsible Disclosure of Domain Takeover Vulnerability to American Systems
Identified and reported a domain takeover vulnerability to American Systems, facilitating a prompt resolution to protect their online assets and enhance cybersecurity

Ranked 45th in Hacktivitycon CTF | Hackerone
Achieved a competitive standing in HacktivityCon, demonstrating proficiency in cybersecurity and hacking challenges.

Ranked 3rd Web Explore Hackathon | NSCC PCCOE Club, Pune
Ranked 3rd in a week-long Web Explore Hackathon, excelling in web development and earning recognition for creating a standout website.

EXTRA CURRICULAR ACTIVITIES
